Goal-setting worksheet

Write your goals down in the column on the left. Then, re-write them with the date you plan to accomplish them, in the column on the far right. Choose a midpoint with date and write in the 'Midpoint #2' column. Then choose a first step and write it in the 'Midpoint #1' column. Finally…use that 'Midpoint #1' column as your marching orders, and start accomplishing your goals!

Goals	Midpoint #1 with a date	Midpoint #2 with a date	Goals…with a date!
